The 2016 New Year’s Baby arrived on Jan. 6, 2016 at Stonewall Jackson Memorial Hospital to proud parents Paige Nicole Fincham and Scott Logan Dilly, of Elkins. They are pictured above with their new baby girl, Eriana Jane Dilly, born on Jan. 6, 2016 at SJMH.

The first baby of the New Year in Lewis County was born on January 6, 2016, at 4:49 p.m., to proud parents Paige Nicole Fincham and Scott Logan Dilly, of Elkins, originally of Braxton County. The baby was delivered by Nurse Midwife Vicki Smith, at Stonewall Jackson Memorial Hospital.

Eriana Jane weighed seven pounds, two ounces, and measured seventeen inches long. She was due later in January but arrived a few weeks early.

The baby’s maternal grandparents are Scott and Angela Fincham, of Burnsville. The little girl has three maternal aunts – Brooke Fincham, Ashley Fincham, and Haley Fincham.

Paternal grandparents are David Dilly, of Flatwoods, and Michelle Dilly, of South Carolina. She has a paternal aunt – Mindy Dilly.

Maternal great-grandparents are Ruth Ann and Charles Hacker, of Braxton County, and Wavelene and Frank Fincham, of Braxton County. Paternal great-grandparents are Frank and Patricia Dilly, of Parsons.

Paige was very thoughtful about the experience, “Despite the long labor, as soon as Eriana was born we knew exactly what to do,” she said.

As the SJMH New Year’s Baby, little Erianna received a number of gifts from local businesses. These included: a gift card from The Citizens Bank; flower arrangements from Minnich Florists; baby announcements from Lewis County Printing; a portrait from Jill Stewart; a gift certificate from the Theresa Snaith Hospital Auxiliary; a silver set from

JUST POSTPONED, NOT CANCELLED!

Please be advised that the anticipated 1/1/16 change to the Absence/Occurrence Policy and Tardy Policy has been postponed. You will have at least 3 more months to lower your 12-month total of occurrences before the change is implemented. Management will re-visit the changes in the spring and advise everyone of the new effective date.

NEWS ABOUT TIME CLOCKS!

Human Resources extends a BIG THANK YOU to everyone for their cooperation in testing the new Time and Attendance system (WebTime). Our testing has shown us that “WebTime” cannot handle the complexity of our Shift Differentials and other types of earnings that are needed, thus not paying employees properly. This is why testing is so critical! Human Resources will continue to research other options for replacing the outdated Kronos system.

Effective immediately we will return to using the Kronos Time & Attendance system ONLY. When using the time clock continue to be careful to punch in with your correct ID# each time. Make sure your name appears in the window to ensure you are properly credited with the punch. A typing error could be another employee’s valid ID# therefore putting your worked hours on someone else’s timesheet. They would be overpaid and you would not be paid at all.
