SJMH Passes 2005 JCAHO Survey

“Our hospital staff and our medical staff did an outstanding job,” said David D. Shaffer, administrator at Stonewall Jackson Memorial Hospital. “Without their dedication and hard work we could never do the job we do. Our recent accreditation by JCAHO validates that commitment.”

Shaffer was referring to the recent survey conducted by the Joint Commission on the Accreditation of Healthcare Organizations (JCAHO). Stonewall Jackson Memorial Hospital, Stonewall Jackson Home Care, and hospital-based physician offices were surveyed August 10, 11, and 12, 2005. The Hospital was once again awarded accreditation by the national accreditation agency.

“It is gratifying to know that a national organization like JCAHO has concluded that we are doing a good job.”

—David Shaffer

“Heard the feedback from the surveyors,” said Shaffer. “Implementation of these patient safety goals translates into better care for our patients.”

Healthy care facilities who wish to be surveyed by JCAHO are surveyed every three years. As long as Stonewall Jackson Hospital and Stonewall Jackson Home Care have been affiliated with JCAHO, they have gained accreditation. An important benefit for any organization undergoing a survey is having an outside group evaluating the quality of patient care provided by the healthcare organization.

“I am quite proud of the service provided to our patients by our very dedicated staff.”

—Avah Stalnaker

“The SJMH administration recognized that all of the goals were important in the care of patients, and staff were educated in each area.

“JCAHO establishes standards for healthcare organizations. The organization has set national patient safety goals for several years. There were seven goals in 2005: accuracy of patient identifiers; effectiveness of communication among caregivers; safety of using medications; safety of using infusion pumps; reducing the risk of healthcare-associated infections; accurately and completely reconciling medications across the continuum of care; and reducing the risk of patient harm resulting from falls.”

Associate Administrator Avah Stalnaker noted that the two surveyors were very complimentary of the staff.

“We were very pleased with the feedback from the surveyors,” said Stalnaker. “They said that our staff was friendly, conversational, and very comfortable with talking about the national patient safety goals. I am quite proud of the service provided to our patients by our very dedicated staff.”
Entire Hospital Saddened by Passing of Donna Myers

The entire staff of SJMH was saddened by the death of Donna Myers on July 16, 2005.

Donna Myers always had a bright smile for everyone, whether a stranger or a friend. She was diagnosed several years ago with breast cancer. She went through chemotherapy and radiation at that time and seemed to be doing well.

In December of 2004, her leg began to hurt and she found that the cancer had returned. It had metastasized to other parts of her body. Though the odds were stacked against her, Donna continued to work in housekeeping, and, of course, she continued to exude a positive aura.

Donna was inspirational to all of her friends and co-workers. Despite her burden, she always was smiling and friendly.

“She was an outstanding employee and a friend; I will miss her,” said department head Tommy Harris.

She fought the disease until the absolute end. Vonda Straley, Donna’s good friend in housekeeping, said that Donna’s family had a cookout for her on the Fourth of July. She was in good spirits that day with her family and friends around her. The next two weeks, Vonda visited her every day and was surprised when Donna passed away two weeks later on July 16.

“I was with her on Friday night and had no idea she would be gone the next day,” said Vonda.

The housekeeping/laundry staff was planning a car wash for the day Donna passed away. After her friends came to the hospital and bid their farewells, they carried on with the car wash.

Throughout her illness, the staff in housekeeping made sure they took care of their good friend. Her co-workers took her to dinner several weeks before she passed away. They also had a picnic at the Hospital while she was an inpatient. They were great friends for Donna.

“It is still unbelievable,” said Vonda. “I can’t believe that she is gone. I can speak for myself and the rest of the girls in that we just expect Donna to come be-bopping in at any time. There are a lot of things that she would do that won’t be done anymore. We are a close department and Donna’s death is a great loss.”

The following is Donna’s obituary.

Donna Sue Myers, 44, of Weston, died at 9:05 a.m. on Saturday, July 16, 2005, in Stone-wall Jackson Memorial Hospital in Weston, following an extended illness. She was born on November 21, 1960. Her parents were the late Homer Murphy and Hattie Murphy. On February 14, 1994, she married Phillip E. Myers, who survives. Survivors also include one daughter, Penny Jane Merriman, Weston; one stepdaugh-ter, Melanie Myers, Clarksburg; one broth-er, James Robert Large, Watson; one sister, Pau lie “Penny” McCauley, Weston; several nieces and nephews; one great niece; and several aunts, uncles, and cousins.

Mrs. Myers was a housekeeper with Stone- wall Jackson Memorial Hospital in Weston, with six years’ service. She attended Broad Run Baptist Church and helped with the Relay for Life for the American Cancer Society. She was a loving and devoted wife, mother, sister, and friend.

Funeral services were held at 11 a.m. on Tues., July 19, 2005, from Floyd Funeral Home Chapel, with Pastor Rick Brown officiating.

Mick Receives Scholarship/Award

Jeffrey Mick, son of Jean and Willie, received a scholarship from CVS. Jeffrey is a student at West Virginia University’s School of Pharmacy. He also received the Perrigo Award in recognition of his high academic performance in a prescription drug course. Jean works in SJMH’s Registration Dept.
A Job Well Done!!!

Congratulations are in order for all employees and members of the medical staff who worked diligently in preparing SJMH for the JCAHO Survey. Our dedication was rewarded with a “fully accredited” status as we were dinged with only five supplemental findings out of a total of 258 standards. By my calculation, that’s 98%. That is a score we can be proud of.

JCAHO was most impressed with our commitment to the National Patient Safety Goals and the progress we made in addressing them. Additionally, surveyors were convinced with the sincerity, knowledge and compassion of everyone responding to clinical and operational questions as they conducted multiple tracers. No question, we were ahead of the curve here!

Remember, the next survey will be unannounced. JCAHO will arrive without advance notice and conduct the survey process. To continue to progress, we must remain vigilant and be “everyday ready.”

Again, thanks for a job well done!

Urologist Seeing Patients at SJMH

Dr. Peter Edgerton, a board-certified urologist, is now seeing patients at SJMH. Dr. Edgerton’s office is in Fairmont and patients can call 304-368-5436 for an appointment. Dr. Edgerton specializes in adult and pediatric urology. He will be seeing patients in room 120 at the Hospital on Tuesdays.

Sends Summer at SJMH

Melissa Johnson, a student at WVU in physical therapy, completed a 12-week clinical rotation at SJMH’s physical therapy department under the guidance of John Weber, MPT. Melissa was very involved for the short time she was here. She helped Public Relations at the annual Relay for Life held in June. She also was instrumental in manning a table for SJMH at the Jamboree at the Mill held in July. She and other Rural Health and Education Partnership students talked to children about healthy lifestyle choices. Melissa graduated from South Harrison. She is the daughter of David and Sharon Johnson of Good Hope. Her grandparents are Oleta and Straley Post of Good Hope and Mary Kay Johnson of Clarksburg.

While here, Melissa provided an inservice to the PT Department on anodyne therapy, which is used for diabetic neuropathy. She also helped with school physicals for LC Middle School and High School.
Our Sincere Condolences to these members of our SJMH family on their losses:

- Diane Ocheltree on the loss of her mother;
- Jimmy Lattea on the loss of his uncle;
- Avah Stalnaker and Lisa Hayhurst on the loss of a brother and an uncle;
- Joyce Greenlief on the loss of her mother.

Birth

Mindy and T.J. Hall are the proud parents of a little girl, Madison Paige, born July 30, 2005, at SJMH. The little girl weighed seven pounds and was nineteen inches long. She joins older brother Dalton in the family. Mindy works in the ER at SJMH and her husband works for Rapid Communications.

Concetta LaNasa Talented Vocalist

Concetta LaNasa, 14-year-old daughter of Dr. Sal and Andrea LaNasa of Bridgeport, has been singing for the past six years.

She sings with All Saints Catholic Church Choir, Bridgeport High School Choir, and Notre Dame High School Choir.

She is a freshman at Notre Dame.

The Doctor is very proud and says that one of her best songs is “Come Follow Me.” She does such a good job with it that people tell him they get goose-bumps when she sings.

WEDDING

Congratulations to Kat Mollohan on her recent marriage. Kat is an LPN on Med/Surg.
KUDOS TO:

▲▲ the Maintenance staff for completing everything before the surveyors walked through the door;

▲▲ the Housekeeping and Laundry staff for getting everything cleaned and ready for inspection;

▲▲ the nursing staff, supervisors, managers, Mary Ellen, Vinessia, Kim, and Vanessa for all of your hard work preparing for JCAHO. Thanks so much, signed Tim Harclerode;

▲▲ the entire SJMH staff for implementing all of the JCAHO standards;

▲▲ Eve Samples, Sue Peters, and Vanessa Lloyd for providing education to Lewis County Board of Education employees;

▲▲ Vanessa Lloyd, Robert Goodwin, Traci McGill, Gail Butcher, and Julia Spelsberg for providing mini-health fairs to employees at Robert Bland Middle School and Jane Lew Elementary, before the beginning of school. Both schools are SJMH Partners in Education;

▲▲ Gay Spaur, Mary Anne Singleton, and Jeff Chapman for meeting our very demanding need for numerous CPR courses for the JCAHO survey;

▲▲ the SJMH staff for completing the month of July 2005 without a patient fall;

▲▲ all the SJMH employees and Theresa Snaith Auxiliary members for help at all of the activities we have.

FROM STAFF DEVELOPMENT

• General Orientation for new employees will be held on the following days:
  Mon., October 3 and 17 @ 8:30 a.m.;
  Mon., November 7 and 21 @ 8:30 a.m.
Orientation is from 8:30 a.m. to 4:00 p.m. in the second-floor classroom. Those needing lab work or physicals should report at 8 a.m. to Registration. If at all possible, please schedule all new employees on these days.

• CPR recertification will be held on CPR October 17 (MONDAY, not the usual TUESDAY), November 15 (Tuesday) December 13 (Tuesday) ALL OF THESE COURSES ARE IN THE CLASSROOM AT

12 NOON AND WILL LAST 3 HOURS!!!

CPR IS REQUIRED FOR ALL CLINICAL STAFF!!! You must be signed up in advance. Call 8119.

• PALS is October 15-16. Please see Staff Development to sign up.

• NALS is October 12 or 13. Please see Staff Development to sign up.

• Please keep up with your CARELEARNING!

You should have completed your courses for 2005 by the last day of your birthday month. You are not limited to your birthday month to start, but can start at any time during the year. Stop by or call the Staff Development Department if you need assistance or want a departmental tutorial!!!

• Fairmont State University courses... Please let the Staff Development Department know if there is a course you would like FSU to offer here at SJMH in the Spring semester (8119.)

Celebrate 40th Anniversary

Mr. and Mrs. Robert Marsh celebrated their 40th anniversary on July 10, 2005.

The Marshes were married on July 10, 1965, at the Weston Assembly of God parsonage, by the Rev. Joseph Moscufo.

The couple are the parents of three children: Barbara Watson (Stanley Jr.); Robert E. (Kathy Winans); and Crystal Lough (James), all of Weston.

They have four grandsons: Robbie, Bradley and Jayson Watson, and Dakota Lough.

Mr. Marsh was employed by L.J. Gum Construction for 26 years and is now retired.

Mrs. Marsh is unit secretary at Stonewall Jackson Memorial Hospital in Weston.
“The Firm” Successful For Physical Therapist
Kate Anderson of SJMH’s PT department and Rachel Weber, who is married to John in PT, are very involved in a fitness program called “The Firm.” The fitness program has also encouraged the two to begin a running program. They ran in a race in Morgantown in September and will be participating in the Carolina Marathon Assoc. Race in October.

The Firm program is a combination of aerobics and weight training. Kate said that she has been using the program for about 2-1/2 years. Kate is proud to note that she has lost ten pounds and gone from a size ten to a size four. There is no dieting involved, but she does work out five days a week. She has even been featured as a suc-

Hundreds Turn Out for SJMH Picnic
The annual SJMH Picnic started out under dark skies on July 15. By the afternoon, the clouds disappeared and the sun was shining on the SJMH crew. Several hundred members of the SJMH family took part in the festivities.

The Soc/Rec Committee provided putt-putt golf, swimming, and a picnic during the event. During the evening swim, the Committee held several games, including largest cannonball splash, watermelon eating, and a limbo contest in the baby pool. Pictured above are the young contestants vying for the first prize in watermelon eating.

Wins Pretty Baby Contest
SJMH’s Dorothy Posey and her husband, Randy, are quite proud of their granddaughter, Gracie Ostrander. The little girl took first place in the Lewis County Fair’s 0-12 month Baby Contest. Gracie’s mom is Nikki Gregory.

INTERCEPTED LETTER
From The Weston Democrat
Letters To The Editor
To the Editor:
On Saturday afternoon, the 3rd of September, I was traveling by motorcycle along U.S. 33 and turned onto the road leading to Cedar Creek State Park. Apparently due to a suddenly flat tire, my motorcycle slid out from under me, dropping me hard to the pavement.

As I slowly gathered my wits, several passers-by stopped to offer assistance and call 911. The ambulance and medical crew from Gilmer County soon rushed me to Stonewall Jackson Memorial Hospital emergency room, while the passers-by waited with my motorcycle for the towing company to pick up.

The treatment I received from the emergency room and from the second floor medical staff was excellent.

These people, strangers to me, all treated me as if I was a member of their families. The residents of Gilmer and Lewis counties were well represented by these many people whose lives I suddenly entered. I can only hope that should I find myself in the reversed role, I will be as caring and patient. Many thanks for all you did for me.

Larry Parks
Warrenton, PA.
Pat Minehardt, SJMH Supporter, Passes Away

Stonewall Jackson Memorial Hospital lost a great friend with the passing of Pat Minehardt. She was a member of the Hospital Company and Marketing Committee. Pat and her family moved to Lewis County from New York and opened an iron foundry in the Homewood area of Weston, formerly known as HK Casting Inc., in 1990. In March 2005, after the sale of the foundry to new owners (Magnetech), Pat stayed on as General Manager of HK Engine Components, LLC.

Beginning in 1996, she opened “Adopt A Friend,” which is an animal shelter for stray/abandoned dogs/cats, as a personal, non-profit community project for Lewis County and the surrounding area.

SJMH Administrator David Shaffer noted, “Pat was a wonderful woman and she will be missed by all of us.”

Associate Administrator Avah Stalnaker said that Pat did some of the best public relations for the Hospital.

“Pat always told the story of how Dr. Snead and SJMH helped her husband tremendously. They had experienced healthcare throughout the country and they were both very impressed with SJMH’s medical staff and employees,” said Avah.

Avah also said that Pat was a person who supported Lewis County and its people. She was a very positive person and her dedication to SJMH was evident by her membership on the Hospital Company.

“Pat was always friendly and energetic. She will

“Smoking Hut” is Moved to Conform to New Regulation

The new Clean Indoor Air regulations became effective in Lewis County on July 1. People cannot smoke within fifteen feet of any public entrance. Because of the fifteen feet limit, the SJMH Smoking Hut had to be moved.

In an engineering feat of indescribable proportions, the Maintenance crew detached the Hut from its foundation, jacked it up, and moved it around the corner. The process went without a hitch... almost. The new concrete pad for the Hut was just about one to two inches too narrow. Measurements had been taken of the base, but the construction crew forgot that the top was a little larger. When the Hut was set in place, the top pushed it away from the building. The adjustment has been done and now it is in place.

SJMH Provides Tobacco/Smoking Cessation Classes

Members of SJMH’s staff and the American Cancer Society are providing tobacco users the opportunity to give up the tobacco habit. The first class in the Fresh Start Program began on Sept. 20. The Cardiac Dept., PR Dept., and Dr. Zuriqat’s office have been trained in the ACS’s Fresh Start program. Participants attend four classes within a two-week period. On the day of the third class, participants quit tobacco. The September classes were held from 5 p.m. to 6 p.m. in the Board room. PR’s Julia Spelsberg is planning to have morning classes, while Cardiac’s Kristi Gannon is planning noon classes. For more info, call 269-8099 or 269-8167.
Members of the Theresa Snaith Hospital Auxiliary board honored Barbara Bennett during a luncheon on Wed., July 13, at Henry Flesher’s in Weston. Pictured above at the party were, left to right: Mary Ellen Bragg, Deb Corder, Tobar, Tim Harclerode, and Julie McWhorter Bush.

From Human Resources

Employees should take note that physicians performing biopsies in the office may give the employee the culture and have the employee process this through the SJMH Lab for additional savings. The reports will be read by our Pathologist. To do this, the patient must stop by the lab and get the proper order forms to be completed with the physician performing the biopsy.

The Employee Benefits Fair will be held on Thurs., Oct. 20, in the SJMH Boardroom, from 7 a.m. to 3 p.m. Benefit statements will be presented to employees along with their paychecks. There will be hospital vendors available, also.

The Open Enrollment for the Health Plan is the month of September. Anyone interested in adding, dropping, or making changes to his/her current status should contact SJMH’s HR Depart-

Gift Shop Co-chair Moves to Florida; Janice Light Takes Her Place

Members of the Theresa Snaith Hospital Auxiliary board honored Barbara Bennett during a luncheon on Wed., July 13, at Henry Flesher’s in Weston. Barbara has served as co-chairwoman of the Hospital Gift Shop for several years. The Auxiliary gave Bennett an engraved clock as a remembrance of the organization. Bennett and her husband will be moving to Florida shortly. She is pictured above on the right, with her cochair of the Gift Shop, Ursel Watson. Janice Light of Jane Lew will now

Dr. Gruspe Finds Live Starfish

Dr. Arnold Gruspe provided the PR department with a very interesting book which he authored, entitled, “My First Alive Starfish.”

The short booklet tells of Dr. Gruspe’s travels to his homeland in the Philippines last winter. He was excited to find a family of live starfish along the ocean beach. His wife Cinderella took a picture of the doctor with the live starfish.

He and members of his family were staying at the Aglicay Beach Resort, owned by friends of his, Dr. and Mrs. G. Martinez.

Letter From Luis

Hello Avah:

I would like to take this opportunity to thank you or your support during my assignment at Stonewall Hospital. It was indeed a pleasure working with such fine dedicated employees. Please convey my special thanks to the entire management team and the Pharmacy staff. I am very happy to know that you had a very successful JCAHO survey which only reflects everyone’s dedication and passion for their jobs. It has always been my motto “One has to love people, to take care of people.”

I wish you continued success in the future.

Sincerely,
Luis

Luis Tobar (pictured above in white coat), a pharmacist from Comprehensive Pharmacy Services, helped prepare the Pharmacy for JCAHO. Members of Administration held a going-away party for him when he went home to Florida. Pictured above at the party were, left to right: Mary Ellen Bragg, Deb Corder, Tobar, Tim Harclerode, and Julie McWhorter Bush.
Dan Walker is Picked in July

Pharmacist Dan Walker has been selected as Stonewall Jackson Memorial Hospital’s employee of the month for July 2005. Dan has worked at SJMH since October 2002.

He lives in Buck-hannon with his wife, Debra, and daughter, Emma, who is eighteen months old. He graduated from Clay County High School and the WVU School of Pharmacy. His parents, Daniel G. and Christine Walker, are residents of Procious.

Dan had a number of nominators from the Med/Surg unit suggesting him for his honor.

“Dan is always smiling, friendly and willing to go the extra mile to help out nursing; He is a very nice person - willing and helpful - always courteous and kind; Always willing to help with any question; Giggles and grins when talking about his daughter, also only has good things to say about his wife; Only real men can wear pink, Dan goes out of his way to help us out when we are busy; Always smiling and helpful; He made everyone smile when he dressed as Eeyore at Halloween,” were just a few of his nominators’ comments.

Dan is equally complimentary of his co-workers.

“I like the people in pharmacy and throughout the hospital,” noted Dan. “It is a challenge but is very fulfilling at the same time. I feel like I am contributing and helping people out.”

In his spare time, Dan enjoys his family and playing video games.

Ocheltree Chosen for Aug.

Stella Ocheltree, of the SJMH Dietary Department, has been selected as the Employee of the Month for August 2005.

Stella is a Lewis County native and graduate of Lewis County High School. She is also the proud mother of Cody Wayne, 17, and Anthony Carl, 10. She attended Glenville State College.

Stella’s nominators were very complimentary of her personality and work ethic.

“Stella is very polite and helpful. She greets all the staff who come to the cafeteria for service. She is very quick and efficient. She takes pride in her work. Lots of times she already knows what I will order before I say a word - that is someone who knows the staff on a personal level and wants you to enjoy and appreciate your meal and break! Please consider Stella for employee of the month,” wrote the nominator.

Another wrote, “Stella is willing and capable to perform all the duties in the kitchen and cafeteria. She is very pleasant, a team player, and well deserving of the Employee of the Month recognition.”

Stella said that one of the best parts about working at SJMH would be the people she encounters every day.

In her spare time, she enjoys playing video games, reading, camping, “E-baying”, and spending quality time with her family.

Respiratory Dept. Game Winners

During preparation for JCAHO, the Respiratory Department prepared an educational game for SJMH staff. Winners of the “Jeopardy Game” were: First Place - Scott Cawthon of Respiratory Care; Second Place - Michelle Parsons of Dietary; Third Place - Sheila Spears of Cardiac/Pulmonary Rehab.

Keep Smiling
Betty Brown Holds Coming-Home Party for Son

Roy and Betty Brown’s son, Sgt. Joseph Bross, recently returned from his second tour of duty in Iraq. He left July 31 from the Mideast, to Kuwait, then to California for debriefing. He flew into Pittsburgh on August 18. Much to his surprise, his mother, who works here at SJMH, had arranged to have a welcome home party. When he drove into Weston, he was greeted by family and friends at the Weston CARP Market on Route 33. Thanks to the generosity of Chip and Matt Turner of the Market, Bross was welcomed with a banner and dignitaries. The LC Blues Band, directed by Mark Lynch, provided music.

WV Senator Bill Sharpe, City Manager James Atchison, along with WHAW Radio and WBOY TV, were also present for the heartwarming occasion.

Bross has been in the Marines for the past seven years in the infantry. He is eligible to be released from service in April 2006. He will be stationed in California after this time. His unit will be returning to Iraq in March, but it is unclear whether he will return there, also.

Beatrice Brown, of the SJMH Surgical Department, is his aunt. His grandmother, Betty L. Brown, and his sister, Camille Metz, were also present for the party.

Kennywood Trip Is Fun!!!!

About 50 friends and family members of SJMH employees traveled to Kennywood in August. Though it was an extremely hot day, everyone had a great time. A lot of the group stopped and had a picture taken with Garfield and his sidekick Odie, pictured above. The trip was organized by SJMH’s Soc/Rec Committee.
NEW DEPARTMENT HEAD:

Dan Walker, R. PH, assumed the duties as Director/Department Head of the Pharmacy on September 1, at SJMH. Dan graduated from the West Virginia School of Pharmacy in 1999. He then worked in retail in Weston and Buckhannon. He joined the SJMH staff in 2002. In July 2004, he was promoted to assistant department head.

STAFF CHANGES:

As many of you know, our pharmacy staff is going through some changes. The positions will be filled by the beginning of October and we will again be fully staffed. We appreciate your patience during this time and ask that you help to welcome the new members of our Pharmacy staff.

3RD PHARMACIST:

We are in the process of hiring a 3rd pharmacist to allow us to better serve the hospital. After the addition of the new pharmacist, the pharmacy hours will be extended from 7am to 7pm. As more information on the hiring becomes official, an exact date for this change will be made available.

NARCOTIC FORMS/ AFTER HOURS COMM. FORMS:

Any questions involving the two new forms introduced this summer to nursing can also be addressed to Dan. Both forms are functioning well, and we appreciate your patience with the changes. Please remember to fill out each form completely so that Pharmacy can effectively stock each unit.

NIGHT LOCKER:

The after hours night locker has been up and running since July and has been used several times. New drug items have been added and an updated list made available as needed. Any suggestions about the stock levels or items contained in the Night Locker can be addressed to Dan at your convenience.

AUTOMATION:

We are in the very early stages of taking bids on automation systems for use in our hospital. This will allow us to have even better control and security, not only of the stock medications in each unit, but also each patient’s individual medication. Further information will be shared as it becomes available.
Grant Provides SJMH with Emergency Equipment

Rusty Simpson, IT Director, recently received a grant from the Homeland Security and Emergency Preparedness Department. SJMH was able to purchase a trailer for hauling the decontamination equipment; three hand-held computers by Dell with software; pre- and post-clothing for decontaminating patients.

The hand-held Dell Axim is a very good tool to diagnose a contaminant. Rusty explained that the screen will have a picture of the body showing the lungs, head, etc. If an exposed patient comes to the Hospital, the triage nurse can determine what kind of chemical exposure she/he may have undergone. For example, if the patient has a headache, the nurse touches the picture of the head shown on the screen. A list of possible problems will pop up, such as numbness, tingling, slurred speech, etc. The nurse would then touch on that symptom. After going through the entire body, the nurse is shown a list of possible chemicals which would have caused the problems. Then a diagnosis can be made.

Rusty says, “There is all kinds of stuff on there!!”

In the past, SJMH has received a decontamination shelter, decontamination clothing for employ-
