Gilmer/Lewis County Health Departments and SJMH Undertaking Community Assessment

Stonewall Jackson Memorial Hospital and the Gilmer and Lewis County Health Departments are coordinating a Community Assessment for the counties. The three organizations have been mandated by government entities to assess the health needs of area residents. The Gilmer and Lewis County Health Department administrators and SJMH Marketing Department began planning the assessment in June and plan on having it completed by the end of 2018.

“The good thing about doing an assessment is that it will provide us with the information we need to better understand interests and of our community residents,” noted Crystal Lough of the Lewis County Health Department.

The SJMH Marketing Department created the community assessment survey with an online surveying company, Survey Monkey. The survey website - https://www.surveymonkey.com/r/LT22XSS- has been sent electronically to SJMH employees, other community leaders, and has been placed on social media. An interested participant needs to type in this web address into the web address bar to access the survey.

“Three years ago we had 330 people participate with the survey. We would like to go over that total for this coming year. Our goal is to end the survey by November 1. Then our next step will be to have a focus group. In that way, we will have plenty of supporting evidence from the survey for the focus group,” said Julia Spelsberg of the SJMH Marketing Department.

Spelsberg said that there are paper surveys available in all of the SJMH physician clinics, at the LC Health Department, the Family Resource Network, Senior Centers, and apartment complexes and churches throughout the county.

If there is an interest in more paper surveys, please contact Spelsberg at 304-269-8167 or Nastausha Hefner at 304-269-8149 or jspelsberg@stonewallhospital.net or nhefner@stonewallhospital.net.

Again, the website address for the Community Assessment Survey is https://www.surveymonkey.com/r/LT22XSS.

Ruth’s truest passions were her family, friends and the King of Rock ‘N Roll, Elvis. She collected Elvis paraphernalia throughout her life, even turning a room in her house into her Elvis shrine. She also collected cows and Native American statues and items.

Ruth enjoyed crocheting, coffee, cooking, and playing cards with her family for hours. In fact, most family gatherings were held at her home and the family members would gather around a table that she had for 20 plus years and break out the Rook cards or Yahtzee dice. She enjoyed watching Wheel of Fortune, Walker Texas Ranger, Hallmark movies, and Family Feud. Her favorite movie was Sweet Home Alabama and she watched it every time it was on the television. PATS ON THE BACK FOR DEBRA TOMARO AND MISTIE WYANT

As a healthcare team member, Debbie is undeniably an asset. She is a spirit lifter, an absolute joy to be around. She is kind, empathetic, engaging, composed, and always smiling. Although she is not my office staff directly, she assists when needed. I am thankful to share an office space with her.

Mistie Wyant
Misti deserves a big pat on the back for the back for being the one to get Dr. Pearson’s lost money back to him. She called the store where the receipt was with the lost money. Talked to the store owner and he got in touch with Dr. Pearson. The money was returned to Dr. Pearson.

We Are Creating a Welcome To Lewis County Gift Bundle

for newcomers to our County

The project is being coordinated by Stonewall Jackson Memorial Hospital and the Lewis County Chamber of Commerce.

We invite businesses, churches, fraternal organizations, or other groups to send us at least 100 coupons, brochures, or flyers touting their business to be included in the gift bundle. Presently we plan on providing a larger gift bundle to home buyers, or renters. So if you are interested in providing a mug, pen, or an item we need at least 100. We are also developing a smaller gift bundle for those people moving here temporarily.

Our goal is to have items ready to be packaged by August 1, 2018.

For more information on the project contact the Stonewall Jackson Memorial Hospital Marketing Department - Julia Spelsberg 304-269-8167 or Nastausha Hefner at 304-269-8149.

Hello....

Stonewall Jackson Memorial Hospital and the Lewis and Gilmer County Health Departments are again collaborating to survey local residents on their healthcare needs. Residents can access the survey on the web at https://www.surveymonkey.com/r/LT22XSS or by filling out a paper survey found here. The more participation we have in the survey, the better for all of us.

When we did the surveying three years ago, we found that “drug addiction” was at the top of the list of concerns for Lewis County. In 2013 the concern was “obesity.” We look forward to finding out the major concern will be in the survey.

This will be the first year we have incorporated Gilmer County.

We need your cooperation on this so please make sure people are aware that they can have a survey here. If you run out of the surveys please contact Julia Spelsberg, at Stonewall Jackson Memorial Hospital, 304-269-8167 orjspelsberg@stonewallhospital.net or Nastausha Hefner, 304-269-8149 or nhefner@stonewallhospital.net. Please return, or call for pickup of surveys, by November 1, 2016.

Thanks in advance for your cooperation.
