Greg Wine Organizing Christmas Box Project

Stonewall Jackson Memorial Hospital (SJMH) employee Greg Wine, is again heading up a special project here. He was able to collect over ninety three Operation Christmas Child shoeboxes last year at SJMH and plans to surpass that goal in 2018.

“I have one hundred boxes available here for filling,” explained Wine. “It is a meaningful way to celebrate Christmas by giving a gift to a child in a third-world country.”

Participants take a shoebox and fill it with toys, clothing, personal items, crafts and more. The shoeboxes must be turned in by November 17 for shipping. Greg also said that monetary donations will be accepted.

Wine said that one can look up suggestions to fill the box with at samaritanpurse.org/occ, on what to put in the boxes. It is suggested to start with a quality “wow” item such as a stuffed animal, soccer ball with pump, or clothing outfit that will capture the child’s attention the instant he or she opens the box. There are gift suggestions according to age and gender listed for other fun toys, hygiene items, and school supplies to fill the shoebox.

Some of the items which should NOT be given include: candy; toothpaste; used or damaged items; war-related items such as toy guns, knives, or military figures; chocolate or food; seeds; fruit rolls or other fruit snacks; drink mixes (powdered or liquid); liquids or lotions; medications or vitamins; breakable items such as snow globes or glass containers; aerosol cans.

If interested in more information contact Greg at the SJMH Telemetry Department. He is a member of the New Life Southern Baptist Church.

All staff are being asked to complete this survey. Your participation is voluntary, but we encourage you to complete the survey to help us improve the way we do things at the hospital and outside clinic/office settings. It will take you about 10 to 15 minutes to complete and you may take it during work time. Your individual responses will be kept anonymous. Only group statistics, not individual responses will be prepared and reported.

If you are a PROVIDER or WORK in a PHYSICIAN CLINIC, PHYSICAL THERAPY, BUSINESS OFFICE or HOME CARE setting, please follow this link to the survey:

Unfortunately, Lewis County has the second highest rate of breast cancer in the state. This is a troubling statistic. We need to make sure that our friends, our mothers, our sisters, our daughters, and our neighbors all know that early detection saves lives.

A Note from Employee Health:

October 1 is fast approaching. This is a reminder to all staff that Influenza (flu) Vaccines are required at SJMH. The hospital provides this to you at no cost. Flu vaccines will be available on all shifts and we will again place stickers on name badges indicating you have received the vaccine. If you chose to receive your flu shot elsewhere, remember to provide proof of vaccination to Employee Health.

SJMH will again couple mask fit testing along with flu vaccinations. This worked extremely well last year and we were at our highest for compliance than in years past. The paper work that goes along with fit testing has changed. In order to be compliant with OSHA (Occupational Health & Safety Administration) regulations, a medical screening completed questionnaire accompanies the fit testing.

Along with the OSHA questionnaire, the Center for Disease Control (CDC) requires hospitals to conduct a tuberculosis (TB) risk screening annually on all employees. An additional questionnaire needs completed to accomplish this regulatory requirement.

I will make every effort to make these additional processes as easy as possible. I wanted to take this opportunity to notify you of these changes and to thank you in advance for all you do to keep yourself, your co-workers and our patients safe.
